

Dear colleagues,

We invite you to the presentation and public defense of the master's thesis of Christina Thomou, entitled "**How mitochondria shape early life experiences: the case of early handling**", which was carried out at the Laboratory of Biochemistry of the Department of Biological Applications and Technology of the University of Ioannina and at the Biomedical Research Institute of FORTH, under the supervision of Assoc. Professor Michaela Filiou, in the context of the I.I.P.P.S. "Molecular and Cellular Biology and Biotechnology" (<http://msc-mcbb.ac.uoi.gr/>).

The presentation will be held on Friday 21.07.2023, starting at 12.00 pm. It will be given through google meet link (<http://meet.google.com/grx-yfbq-aob>).

With regards,

Stathis Frillingos

Director of the IIPPS Mol Cell Biol Biotechnol

<http://msc-mcbb.ac.uoi.gr/>

Michaela Filiou

Supervisor of the master's thesis
